

# NWOGU MICHAEL DABEECHI

## INTERN

My name is Nwogu Michael Daberechi, I am an undergraduate of computer science in National Open University of Nigeria. I am humble and diligent, adapt fast in a new environment, great learning and interactive skills, and also a team player. I am goal-oriented, thrive to do my tasks to the best of my abilities, and also make sure I add my own quota to the advancement and development of the organization I find myself. I hope my application is given favorable consideration. Thanks.
